

Lavani

The Form

It is said that the word Lavani is derived from the word lavanya which means beauty. Lavani is a genre of music popular in Maharashtra. It is a combination of traditional song and dance, which is performed on the beats of Dholki, a percussion instrument. Lavani is noted for its powerful rhythm. This traditional form has contributed substantially to the development of Marathi folk theatre. In Maharashtra, Southern Madhya Pradesh and North Karnataka, it is performed by female performers wearing nine-yard long saris. The songs are sung in a quick tempo.
