## As I Watch

Presenter's power point scans, spans  
As moments un-peel time  
And the words,  
bold and blank,  
bleed  
Slipping in ribbons of  
silence  
Around dark bodies in gray places,  
Tongue-tied brick walls,  
Faces, gazes...  
Around foggy features  
And thousand-tongue frozen gestures.  
As blank words scream in soft silence  
As faded wounds  
bleed  
in dark silence  
Through the valleys of the past  
Through the allies of the cast...  
  
As I watch  
Oh, as I watch in darkness...
