SLING SHOT: Let’s say we loved each other! Ojaswini Trivedi

“Let’s believe
the two birds
lived in a
seamless crave for freedom,
where the abyss
melted into the horizon”

I KEEP YOU AS A POEM / Sangeeta Gupta

I keep you as a poem
in the core of my existence
I sing all day
You my song
You often shine as the evening star
in my lonesome dreams
You hold my hand
When I am lost in the wilderness
You, the lifeline of a poet
I keep you as a poem
in the core of my existence

I KNOW / Sangeeta Gupta

I know/ you are
still holding my hand
I feel you in my palm
pain looses its intensity
I am smiling at myself
your kindness twinkles
in your eyes
In your light
I sail through darkness
I go deep in your energy field
soak myself often
I recharge
Taking baby steps each day
towards my passion
towards life
I know you are
Still holding my hand.
