Sherni: The latest Vidya Balan starrer on Amazon Prime / Sanjiva Sahai

This is Aastha Tiku’s very first attempt at story and screenplay. Quite impressive. Dialogues by Yashaswi and Amit appear improvised, sound natural and sharp. Lovely. Benedict and Naren have come up with some extremely restrained musical scores that elevate the sense of mystery in the jungle. And yes, Rakesh Haridas with his available-light shots provide some real-life experience for the viewers.
